

Instantly Compare Network Scenarios for High-Cost Medical Procedures

DATA DRIVEN; AI ENABLED REIMBURSEMENT & PAYMENT OPTIMIZATION

Keeping life-saving treatments and services within reach

Complex Networks Simplified with HealthRate

Built on decades of domain experience, trillions of data points, advanced statistical methods, and recent advancements in AI/ML, HealthRate proactively identifies the optimal source and cost of care.

	HealthRate	Data Providers	Networks	Captive Solution
Sensitive Data @ Risk	X	X	X	X
Platform Learning Curve	X	X	X	X
Turnkey with Your Processes	X	X	X	X
Risk Measurement Capable	X	X	X	X
Advanced Statistical Analysis	X	X	X	X
Immediate ROI	X	X	X	X
Supports Strategy Decisioning	X	X	X	X
Contains Transparency Data	X	X	X	X

BENEFITS

- Shift risk to align with your strategy
- Accurately predict, monitor and negotiate cost/payment
- Seamless integration with existing workflows and processes
- Immediate bottom-line savings in the millions

SAVINGS

Each case can result in \$50,000 - \$3,000,000 in BOTTOM line savings as charges are never incurred

FEATURES

- AI enabled proprietary database of Transparency Data (TIC and No Surprises)
- Carefully constructed scenario database of claims & cost
- Fully integrated Generative AI contextual intelligence and navigation
- Implements advanced statistical methodologies to enhance accuracy and provide confidence range(s)
- Proprietary (derived) data fields and scoring models to determine relative importance of rates/terms
- Proprietary algorithms to predict cost performance built by senior niche industry experts

- Transplants
- Complex oncology
- Musculoskeletal, Neonatal, and Cardiology
- Ultra-rare and novel therapies (CGT)
- Hidden charges/payments

Instantly Compare Network Scenarios for High-Cost Medical Procedures

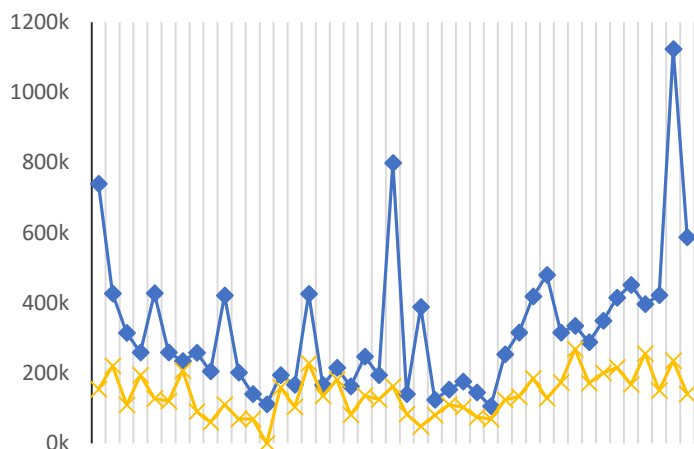

DATA DRIVEN; AI ENABLED REIMBURSEMENT & PAYMENT OPTIMIZATION

Keeping life-saving treatments and services within reach

Quantifiable Results

With a focus on transplants, novel therapies, complex oncology, and \$1M+ claims in neonatal, musculoskeletal, and cardiology HealthRate is practical, implementable, and can be easily integrated into your existing processes and technology stack.

How much are you paying?

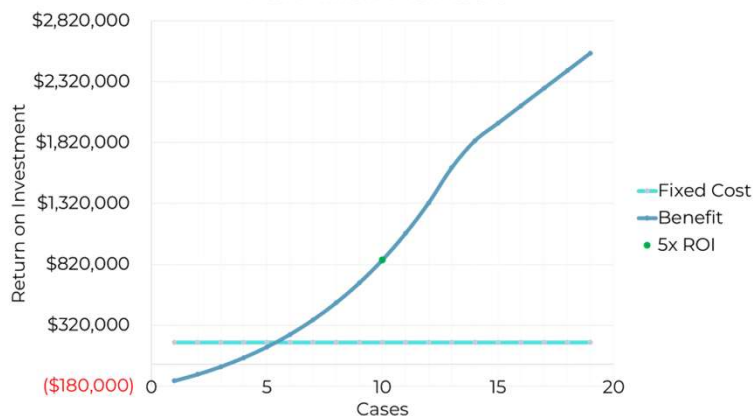

Case rate vs. allowed amount

Data sourced from 2002 – present day from multiple network providers spanning 140+ health systems and 300 million lives

COST CONTAINMENT

Lower your costs without the need for audit recovery, difficult negotiations or re-contracting

Monthly Break Even Per Million Members

The time is now

Transparency legislation alone is not enough. The healthcare ecosystem continues to face challenges publishing compliant data, accessing MRF data, and most importantly applying contract, rate, and claims information to real world scenarios that provide business value.
