Complex Networks Simplified with HealthRate

6: text

Built on decades of domain experience, trillions of data points, advanced statistical methods, and recent advancements in AI/ML, HealthRate proactively identifies the optimal source and cost of care.

7: table

	HealthRate	Data Providers	Networks	Captive Solution
Sensitive Data @ Risk	X	X	X	X
Platform Learning Curve	X	X	X	X
Turnkey with Your Processes	X	X	X	X
Risk Measurement Capable	X	X	X	X
Advanced Statistical Analysis	X	X	X	X
Immediate ROI	X	X	X	X
Supports Strategy Decisioning	X	X	X	X
Contains Transparency Data	X	X	X	X

8: section_header

BENEFITS

9: list_item

• Shift risk to align with your strategy

10: list_item

• Accurately predict, monitor and negotiate cost/payment

11: list_item

• Seamless integration with existing workflows and processes

12: list_item

• Immediate bottom-line savings in the millions

14: section_header

SAVINGS

15: text

Each case can result in \$50,000 - \$3,000,000 in BOTTOM line savings as charges are never incurred

16: section_header

FEATURES

18: list_item

• AI enabled proprietary database of Transparency Data (TIC and No Surprises)

19: list_item

• Carefully constructed scenario database of claims & cost

20: list_item

• Fully integrated Generative AI contextual intelligence and navigation

21: list_item

• Implements advanced statistical methodologies to enhance accuracy and provide confidence range(s)

22: list_item

• Proprietary (derived) data fields and scoring models to determine relative importance of rates/terms

23: list_item

• Proprietary algorithms to predict cost performance built by senior niche industry experts

The time is now

48: text

Transparency legislation alone is not enough. The healthcare ecosystem continues to face challenges publishing compliant data, accessing MRF data, and most importantly applying contract, rate, and claims information to real world scenarios that provide business value.
